Our Client

Our client is one of the leading solutions providers in the LED based lighting industry with major offices around the world. Combining state-of-the-art technology with award winning design, our client develops sophisticated and innovative lighting systems and solutions for demanding professional customers in market segments like architecture, trade shows, exhibitions, corporate events, hospitality and entertainment as well as shops and shopping malls.

Our client provides a full suite of DMX hardware and software solutions, maintaining the highest standards with regard to the design, functionality, quality, and reliability of its LED applications. From product design, development and manufacturing to worldwide distribution, our client continuously attracts renowned architect, lighting designers, integrators as well as end user corporations worldwide.
